Coronavirus – home access survey

Dear Parent/Carer,

As you will be aware, national guidance is that schools are open and students should only stay at home if they have a new, continuous cough or high temperature (37.8 degrees or higher). General Public Health advice (handwashing, not touching face, catching sneezes) should continue to be followed.

In case the situation changes in the coming weeks please can you all complete this short survey now about internet & laptop access at home (shorturl.at/chtFQ)

If schools do close in the coming weeks, we will be in touch with you about arrangements. In cases where a family can evidence genuine need, we may be able to provide support with access to laptops, but this will be limited and it would be best if families can provide their own solution.

For now, we are open and students should be attending and learning as normal (except where new, continuous cough or high temperature).

Many thanks,

David Benson
Principal
