

## Y11 Mock Exams – KAA@Home

Below are the details of your mock exams in each subject area. In most cases, teachers and Heads of Department have already emailed you with instructions about how to sit these (and some of you have sat a number already). If not, you should expect to hear from each department over the next few days – keep an eye on your Google Classroom pages.

*If, for any reason, completing a mock exam is difficult due to your current home circumstances, please email the HoD of that subject who will find an alternative time.*
