

2 December 2020

Dear Parents & Carers,

Please note that we are offering a virtual “Covid-19” Q&A session for parents about with the Principal at 6pm on Monday 7th December. Parents should click on the link to the school’s You Tube Channel below at the designated time and they will be able to post questions in the chat room for Mr Benson to answer. We are unsure of exactly how the technology will work so please bear with us if there are any issues or if we cannot answer all questions. Hopefully it will work and provide a chance for some useful dialogue.

Please note this is an optional session – if parents are happy and have no concerns at present they do not need to attend. Also it will be limited to questions around Coronavirus and the school’s response, and not other matters. Thank you.

On an unrelated note, we’d like to remind parents that Friday 11th December is a staff training day – school is closed to students that day, and they should work from home and return on Monday 14th December as normal.

With best wishes,

KAA
