Enrichment Spring 2022

Dear Parents / Carers,

This term we've seen some fantastic activities across enrichments during the autumn term, from football and basketball to Christmas panto rehearsals and Knit & Stitch! A reminder that enrichments finish this Thursday 9th December and there is no enrichment in the final week of term.

We are now launching the registration for Spring 2022 enrichments! Spring term enrichments will begin the week commencing Monday 10th January 2022 and run to Friday 25th March 2022, with the exception of Thursday 27th January, Thursday 10th February and Thursday 17th March due to Parents' Evenings. Students have until **4pm on Friday 17th December** to register their preferences for Spring Term enrichment. We will issue enrichment timetables to students by Friday 7th January.

There are a range of clubs on offer – all completely free – ranging from Chess Club and Maths Challenge to KAA Choir and Brass Band! For more information about all of the clubs available in the Spring term, visit <https://kaa.org.uk/spring-2022-enrichment-registration/>.

Once you are ready to register your child's preferences, complete the form here:

[Spring Term Enrichment Registration](#)

Please note that **you must be logged into a KAA email account to complete the registration form**. If the link isn't working, it is because you are not logged into your child's KAA account on your browser.

For GCSE and A Level students, they will also have the chance to attend academic interventions or academic societies after school, and teachers will be in touch with them directly about these.

Intrepidus!
KAA
