Y13 Easter Revision Sessions

Dear Year 13 Students & Parents,

I'm writing to inform of the large range of revision and intervention sessions available to Year 13 students at KAA over the Easter break. **A full timetable of sessions is attached to this email**, and teachers will be advertising these opportunities to students this week. Students are highly encouraged to make use of these sessions where relevant to them.

Please note the following arrangements for attending holiday revision sessions:

- Students must arrive at the main reception five minutes before the scheduled lesson time to be registered and taken to their classroom.
- **It is imperative that students are on time to the sessions**, or they may not be allowed to enter the academy.
- Students are not permitted to enter the academy building unless attending a revision session as the library and other study spaces will not be staffed during the break.
- The dining hall is closed for the Easter break, so students should bring in a packed lunch if attending a full day session or multiple sessions across one day. Students will be signed out of the building at lunch and asked to return for PM sessions – they will not be able to remain on site during any lunch breaks.

A reminder that students break up this Friday 31 March at 11.30am and return to school on Tuesday 18 April at 9am.

Kind regards,

Dr Davies
Director of Learning – Year 13

Y13 Easter Revision & Intervention Sessions – April 2023

Students must arrive on time at the main reception for all sessions to be registered by their class teacher. If students are late, or the sessions is full, they may not be granted access to the building.
