

Year 11 Maths Revision – October Half Term

1. Sparx

- Complete your weekly homework task, the XP boost and target tasks.
- Use the independent learning tab to improve on topics that you or your teacher have identified as targets.

2. Maths Genie

- Select your target grade and the two grades below (eg. if you are aiming for a grade 5, work on questions in sections grade 3 – grade 5).
- Watch the videos, practise the questions, check your answers.
- Self select topics you know you need to work on.

3. Complete past papers

- Complete the past paper given to you by your teacher to hand in after half term.
- For further papers, head to [mathsgenie.com](https://www.mathsgenie.com) where you can complete predicted papers online and get instant feedback. (Any year will be good practice).
