

**REMEMBER: your German speaking exam will take place Thursday 25<sup>th</sup> April**

**What do you need to do during the term break to consolidate this term and progress further? Follow these three steps:**

## **1** Consolidation of this term

- This half term you have covered theme 3 so you need to ensure you have revised and understood this as well as you possibly could have.
- How to do this: read through all of your work and worksheets in your book(s), ensure you have revised your speaking and writing questions in your booklet on this topic, use Seneca and Kerboodle to practise.

## **2** General revision

- Complete ALL questions in your speaking booklet, making sure each answer contains complex structures.
- Learn these answers off by heart. Ask someone at home or a friend to test you on your speaking questions
- Watch these videos to familiarize yourself with the 3 parts of the role play and how to do well in each section
