Year 13 Spring Half-Term Update

Dear Y13 Parents / Carers,

Thank you for all your support of your child's progress this half term. Year 13 have worked hard and we hope that they have a great February half-term holiday. We are writing to you now about the expectations for Year 13 students over the half-term break, and the revision & intervention sessions on offer over the half-term.

Revision for mocks

Year 13 spring mocks are happening from Monday 4th March to Friday 15th March 2024. This means there are only 2 school weeks between students returning to school and spring mock exams beginning. Students will receive their mock timetables in the first week back to school. Year 13 students should use the half-term break to start their revision for these exams.

Revision & intervention sessions

A small number of teachers are offering revision and intervention sessions offered to Year 13 over the half-term break. Where an intervention is for "targeted students only", teachers will inform your child that they are expected to attend, otherwise, all students who study the subject are welcome to attend the advertised sessions.
