

8th March 2024

Y7-Y10 Spring Term Assessment Week

Dear Parents / Carers,

Spring Term assessments for students in Year 7 to Year 10 take place from **Monday 18th March to Friday 22nd March 2024**.

We are aware this assessment week falls within Ramadan and therefore appreciate that some students may be fasting during this period. Whilst we fully support students who may wish to do so, please be aware that students will still be expected to participate in all aspects of school life. Over the coming weeks your child will be involved in preparing for and sitting their Spring Term assessments and will be expected to participate in all lessons and assessments. This includes practical based subjects such as PE and the performing & creative arts. Staff will, of course, be sensitive to your child finding certain tasks more difficult but all students must still actively take part.

Further information about which subjects your child will sit an assessment in and the content of these assessments are provided in the attached parent guides for each year group.

Following the assessments, parents will receive a full Spring Term report shortly after the Easter holiday.

If you have any further questions about the Spring Term Assessment Week, please contact me directly at r.dunning@kaa.org.uk.

Kind regards,

Ross Dunning
Assistant Principal - Data & Assessment
