

# 2. Self Quizzing

1. Select a section of information to revise (e.g. from a knowledge organiser, a lesson, or your exercise book).
2. Read (preferably aloud as this aids memory) your chosen section of information.
3. Write 10 questions based on the knowledge you have just read.
4. Cover the source material.
5. Answer the questions you have set yourself in full sentences.
6. Check your answers. Correct any mistakes or add any information you missed in green pen.
7. Repeat the process until you answer all questions correctly.

4/12/22 Science recall practice - week 3

Science recall practice - week 3
