GCSE DESIGN & TECHNOLOGY EASTER REVISION

Using the CGP Revision Guide

Familiarise yourself with the Glossary terms at the back of your Revision Guide use **Look, Cover, Write, Check** until you know the meaning of each term off by heart.

You should be revising all of the content from the Revision Guide but we recommend that you do the following:

Create flash cards

Material Properties p. 15-20

Quality Control p.42-43

Production of Materials p.46-49

Self Quizzing

Scales of production p.40-41

Wood, Metals and Polymers p.62-77 **also answer the revision questions summary questions on p.78**

Using BBC bitesize

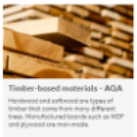
Work your way through the GCSE Design Technology (exam board AQA) section on BBC bitesize. https://www.bbc.co.uk/bitesize

The content from any section could come up in your mock but as a bare minimum, you need to read through and complete the quizzes on the following sections:

A) ALL CORE TECHNICAL PRINCIPALS

B) SPECIALIST TECHNICAL PRINCIPLES

- Timber Based Materials



C) ALL DESIGNING AND MAKING PRINCIPLES

- Designing- look particularly carefully at the section on Working Drawings
