Maths Easter Holidays

1. Revision booklet

- These will have been given to you in your lessons and be posted on your google classroom
- The topics in these booklets have been specially selected by your teacher for you.
- Examples and answers are included.

2. Maths Genie website

- Use the revision list you have started in the back of your book to self select topics.
- Select your target grade and the two grades below (eg. if you are aiming for a grade 5, work on questions in sections grade 3 – grade 5).
- Watch the videos, answer the questions, check your answers.

3. Complete past papers

- You have been given a full set of papers to with through, with answers on google classroom.
- Complete as much as you can independently, mark using the mark scheme online and add topics to your revision list.
- Go back to point 2 and revise the new topics on your list.
